Spiller Company: PRIVATE RESD
Spiller Address: 163 BAY 44TH ST
Spiller Company: 999
Contact Name: JOHN FRUNER
DEC Memo: "05/21/12- Non regulated material. Spill Closed."
Remarks: "The following information was received from the complainant via e-mail either through the DEC public website Report an Environmental Violation Online page or directly to R5 dispatch mailbox: I am need of your assistance. One of my neighbors is running a home recycling business, illegally, out of his home. He collects discarded refrigerators and air conditioners that people put out on the street or that will eventually be placed on the curb after New York City removes the freon or coolant. In the backyard are some refrigerators and air conditioners that he is taking apart. The appliances are taken apart and then carted to a scrap metal redemption business. In that process, the freon and coolant is being released into the air. I believe they are releasing the coolant/freon into the air. The address of that house is 163 Bay 44th Street, Brooklyn, New York 11214. Is there any way you can investigate and stop this? I dont know anywhere else to turn. I need to remain anonymous to these neighbors for fear of retaliation. Speaking to them has not worked at all. I appreciate your assistance. This home business is causing many other consequences which makes living near them impossible at this point. Thank you. John Fruner"
